Exam Case #1

CANDIDATE'S INSTRUCTIONS:

A patient approaches you for a recommendation for his condition. Kindly counsel his as you would in regular practice. Also, assist his with any concerns he has regarding his condition.

Time Frame: You have 7 minutes to complete this station.
References: CTMA (Athlete’s foot)

SP instructions:

•SP has to look worried , when candidate says how are you?

Opening Statement:, I'm not very happy with my foot. I have picked up this polysporin can I use that?

•Can says: How can I help you,

•SP says: well, my foot has a rash between by toes.

•If candidate says, can you describe it a bit more say “Well it is itchy and burning the skin seems to be peeling a bit.” If can asks -No bleeding and not weeping. Not painful or eczematous. not on nails

•**MAMOVS:** When Candidate asks any medical conditions Sp says My blood pressure has been good during last dr check up. 130/85. NTG is for the anginal pain I had a few years ago. I have never used it for last few yrs. Cholesterol is good.

•**Lifestyle:** Only if asked SP has to say , volunteers In a swimming club, does a lot of business consulting meetings also spends a lot of time gardening. Not bought new shoes or changed insoles.

•SP has to ask if not told ‘Is it ok to take this med with others I’m taking.

•Query on how do I ensure the others with me don’t get it from me.

PATIENT RECORD

PATIENT: Kenny Chesney
ADDRESS: 7900 Pharmacy PREP Ave.
PHONE: 416-223-7737

PHYSICIAN: Dr. S. Mason
ADDRESS: #358-4750 Yonge st. Toronto
PHONE: 647-221-0457

AGE:45 years
GENDER: Male
ALLERGIES: None known
COMMENTS: Had anginal pain few years ago

Rx#	Medications-Directions	Qty	Repeats	
			Authorized	Remaining
1	Nitrolingual spray 0.4 mg ud prn	1	2	1
2	Sandoz-Bisoprolol 5 mg once daily	90	2	2
3	Lipitor 20 mg once daily	90	3	2
4	Ran-Ramipril 10 mg once daily	90	2	2

TIPS

Fully SOLVED:

•Picking the right alternative- antifungal , Why not polysporin

•Counseling on OTC suggested (How/ when /why/Where)

•2 Non-pharms and pt's query answered.

Marginally solved

Picking the right alternative- antifungal, did not address patient opening statement about polysporin use.

Counseling on OTC suggested (How/ when /why/Where)

Pharmacy PREP OSCE Check List. Case #1. Athletes foot

Communication skills	
	Patient Centred. Opening Statement (respond to patient clue, good listener, did not interrupt patient, engaging). Non-verbal Skills (eye contact, gesture, posture), Identified patient? Understands the sequence of problem
	Information gathering process. (Asked M-A-M-A) allergies, medicine history, medical conditions. Builds trust and confidence with patient, Specific lifestyle such as alcohol and smoking habits prn; and/or other considerations relevant to the purpose of the case.
	Discuss Follow up/Monitoring relevant to case
	Time to check references, and use of proper references and Overall time management

Overall Communications	Acceptable 4/4	Marginally Acceptable 3/4	Marginally unacceptable 2/4	Unacceptable 1-0/4

Problem Solving

key elements of the counseling task

1. **Picking the right alternative- antifungal , Why not polysporin because it contains antibacterials.**

Your infections appears Athletes foot which is cause by fungi *Tinea pedis*

•Recommend Clotrimazole 1% cream. Usually twice daily application for 4 weeks, 1-2 weeks after lesion disappeared

•See md if no improvement within 2 weeks or symptoms not gone in 6 weeks.

•Non-Pharms:

•Feet hygiene: daily washing with mild soap, keep it dry

•Sock: Wear socks that are made of absorbent materials

•Gym: do not go barefoot (to prevent catching it or spreading it)

Overall Problem Solving	Fully solved 4/4	Marginally solved 3/4	Marginally unsolved 2/4	Unsolved 1-0/4
